OBJECTIVES OF THE WORKSHOP:

- To create awareness on Intellectual Property Rights and Patents.
- To develop Academic and Industrial research perspective.
- To protect and explore IPRs.
- To improve the IP in the Student Start Up
- To impart Hands-on training on Patent search technique and Patent specification drafting.

In order to take forward the National IPR Policy and to enhance creativity, innovation, competitiveness and economic growth in India, it is imperative to harness IP. With phenomenal growth of the individual economy it is vital that IPRs are generated by start-ups and then legally protected and exploited. Inadequate knowledge about the rights of individuals to protect their ideas and innovations and low awareness about the procedures involved in obtaining an IPR has hindered India's growth in Intellectual Property.
